Professional Accreditation

This is a new course and accreditation with the Project Management Institute (PMI) will be sought. CQUniversity's postgraduate project management courses have been designed to develop graduates who will be eligible for membership with the Project Management Institute and it is expected that accreditation will be approved as soon as possible.

More details will be available on the CQUniversity student handbook when finalised.

For eligibility concerning membership, please refer to the Project Management Institute official web site:

<http://www.pmi.org/gac/global-accreditation-center.aspx>

Deferment/Leave of Absence

Domestic students in the Master of Project Management degree are permitted to defer the initial offer of their degree for a maximum of 12 months before their offer is withdrawn. Furthermore, domestic students may also take a Leave of Absence (LOA) once they have commenced their course of study however only a maximum of 12 months can be granted without requesting further approval from the Head of Course.

You can apply for a deferment or LOA [here](#).

International students are not permitted to defer their initial offer or take a Leave of Absence unless otherwise discussed with their Home Campus.

Credit Transfer

If you have undertaken study in the last ten years, or have relevant in-formal or non-formal learning, you may be eligible for credit towards your course. Please note that some courses have reduced timeframes within which prior study remains eligible for credit. Please refer to the [CQUni Handbook](#) for specific credit time limits relating to your course.

To submit an application for credit, please refer to the [Credit Calculator](#) or contact the Academic Pathways Team via their email credit@cqu.edu.au. Further information about the credit process can also be found on the [Credit for Prior Learning](#) webpage.

Credit applications should be submitted at least four (4) weeks before the relevant term commences. Applications must be complete with all supporting documentation to be assessed by CQUniversity. CQUniversity cannot obtain documents from other institutions, organisations or individuals.

PPMP20017 Project Management Internship

In this unit you will undertake an internship, which will provide you with real project management experience while working with an employer (work-integrated learning). You will integrate knowledge and skills gained while studying your discipline units with their application in the workplace to further develop your project management competencies. You will document and reflect on your learning experiences and on their contribution to your professional development.

To qualify for the internship, you need to undertake and have successfully completed, at first attempt, all core and elective stream units prior to the internship term. You must also be in good academic standing, successfully pass the CQUniversity English Language Placement test and complete an interview with the internship host.

For more information on the Internship opportunity, please contact the School of Engineering and Technology Internship Officer on SETInternships@cqu.edu.au.

PPMP20016 Project Management Research

This unit consists of a final year research project for the Master of Project Management. This unit is designed so that you can complete an investigative study through the analysis of, reflection on and critique of, an area of your professional practice that was commenced in the Research in Project Management unit. By completing this project, you will contribute to the body of knowledge for your discipline. You will present your project in a dissertation.

PPMP20018 Project Management Practicum

In this unit you will undertake a project and participate in tasks associated with project management within a contemporary work environment. Assessment includes the opportunity to plan and execute a project, analyse your project performance and self-reflect on your experience and lessons learnt.

Further Information

For further information on these units, please contact the Unit Coordinator for each unit. Details of Unit Coordinators can be found on the [unit profiles](#).

Additional information on the Internship is provided during an information session given by Australian Internships. Students who elect to take the internship option should refer to the study schedule posted on the Moodle site: School of Engineering and Technology Internships (SET Internships).
